

# R R Srikanth

## Summary

Email:[srikanthravilla18@gmail.com](mailto:srikanthravilla18@gmail.com) Phone:9110833256

Aspiring Full-Stack Developer with strong skills in JavaScript, React, Node.js, MongoDB, and modern web development practices. Passionate about building clean, responsive, and scalable applications. Skilled in problem-solving, API development, and UI design. Eager to contribute to real projects, learn from experienced teams, and grow into a full-stack engineering role.

## Work Experience

### Ziyyara Edutech Pvt. Ltd.

Noida, UP, India

#### Full Stack Developer

Jun 2023– Sep 2023

- Built responsive and dynamic web applications using **React**, **Node.js**, **Express**, and **MongoDB**.
- Developed **RESTful APIs** and implemented secure authentication using **JWT** and middleware.
- Designed and optimized database schemas, ensuring efficient data storage and faster queries.
- Deployed full-stack applications on platforms like **Vercel / Render / AWS**, ensuring smooth end-to-end functionality.

### UltiSmart Infotech LLP

Mysuru, KA, India

#### Full Stack Web Developer

Oct 2022 – Nov 2022

- Completed a **Full Stack Web Application Development** internship at **UltiSmart Infotech LLP, Mysuru**.
- Gained hands-on experience in building **end-to-end web applications**, including frontend, backend, and database integration.
- Demonstrated strong performance, initiative, and sincerity throughout the internship, receiving positive feedback from mentors.
- Developed a professional attitude toward real-world software development, teamwork, and project execution.
- Engaged in on-site client interactions, strengthening communication, task prioritization, and cross-functional coordination.

### Megara

Chennai, TN, India

#### Data Science and Python Programming

Nov 2021 - Dec 2022

- Completed a **1-month online internship** focused on *Machine Learning, Data Science, and Python Programming*.
- Gained hands-on experience in **Python-based data analysis, model building, and ML concepts**.
- Learned core **data science workflows**, including data preprocessing, visualization, and basic predictive modeling.
- Successfully trained under **Megara Robotics Pvt. Ltd., Chennai**, gaining practical exposure to real-world AI applications.

## Technical Skills

- **Frontend Development:** HTML, CSS, JavaScript, React, responsive UI design.
- **Backend Development:** Node.js, Express.js, REST API development.
- **Programming Languages:** Python, Java, JavaScript.
- **Databases (SQL/NoSQL):** MongoDB, MySQL, PostgreSQL.
- **Tools & Platforms:** Git, GitHub, Linux, Docker (basics), CI/CD fundamentals.

## Project

### Tourism Center

- Designed and built a tourism website featuring destination discovery, itinerary planning, and personalized travel suggestions. Integrated dynamic content, responsive design, and backend APIs to provide users with an interactive and intuitive experience.

### Early Prediction of Diabetes

- Built a predictive model for early diabetes detection using SAS Enterprise Miner, achieving 90.8% accuracy with a decision tree; performed misclassification analysis and used clustering with Tableau to uncover hidden patterns in patient data.

## Education

### Siddaganga Institute Of Technology

Tumkur, KA, INDIA

Bachelor of Engineering (BE) In Information science

Aug 2023 – May 2026

### Sandur Polytechnic

Sandur, KA, India

Diploma in Computer Science

Aug 2021 – Jan 2023

## Achievements

- **Infosys Springboard:** Python Fundamentals Certification
- **NPTEL Courses:** Completed 2 certifications
- **College Startup Leader:** Led student startup initiative, managed team and projects (2023)
